## **Resources**

**Weatherization Program:** The program provides cost-effective, energy-efficient home improvements to Missouri's low-income households. The program aims to lower utility bills and improve comfort while ensuring health and safety.

**Homeownership Program:** The voucher Homeownership program is designed to allow participants of the Section 8 rental assistance program to become first-time homebuyers with continued assistance on mortgage payments instead of rental assistance payments.

**H2O Help:** This is a program to help provide supplemental funding to Missouri American Water customers who would otherwise have trouble paying their bills. Any Missouri American Water customer who is at risk of losing their water service may apply for H2O Help.
